## WOODSTOCK

### Acier

This fabric by its style, design and treatment reminds us the 70's when the youngness was looking for a new freedom. It must be exclusively reserved for curtains or blinds use or wall covering. Initially, this fabric was done for fashion, this is why the useful repeat in width will be 120 cm, nevertheless in the XVIII<sup>e</sup> century, the production was often completed without taking into account the repeat of the designs.
